# INSTRUCTIONS

**General:** This form is designed for submitting a complete and correct well completion report and log on all types of lands and leases to either a Federal agency or a State agency, or both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office. See instructions on items 22 and 24, and 38, below regarding separate reports for separate completions.

If not filed prior to the time this summary record is submitted, copies of all currently available logs (drillers, geologists, sample-and core analysis, all types electric, etc.), formation and pressure tests, and directional surveys, should be attached hereto, to the extent required by applicable Federal and/or State laws and regulations. All attachments should be listed on this form; see item 35.

**Item 4:** If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

**Item 18:** Indicate which elevation is used as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments.

**Items 22 and 24:** If this well is completed for separate production from more than one interval zone (multiple completion), so state in item 22 and in item 24 show the producing interval, or intervals, top(s) and bottom(s) and name(s) (if any) for only the interval reported in item 38. Submit a separate report (page) on this form, adequately identified, for each additional interval to be separately produced, showing the additional data pertinent to such interval.

**Item 29:** "Stack Cement". Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool.

**Item 33:** Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)

37. SUMMARY OF POROUS ZONES: SHOW ALL IMPORTANT ZONES OF POROSITY AND CONTENTS THEREOF: CORDED INTERVALS; AND ALL DRILL-STEM TESTS, INCLUDING DEPTH INTERVAL TESTED, CUSHION USED, FLUID TOOL OPEN, FLOWING AND SHUT-IN PRESSURES, AND RECOVERIES				38. GEOLOGIC MARKERS

# INSTRUCTIONS

## READ CAREFULLY AND COMPLY FULLY

For the purpose of this determination attach hereto a neat, accurate plat, map or sketch of this lease, section, block or lot locating thereon the proposed site for this location. Plat shall be drawn to a scale which will permit the facile observation of all pertinent data. Show distances of the proposed well from the two nearest lease and section lines, and from the nearest wells on the same lease completed in or drilling to the same reservoir. If the location requested is not in conformance with the applicable well-spacing rules, show all off-setting wells to the proposed well, and the names and addresses of all adjoining lease or property owners.

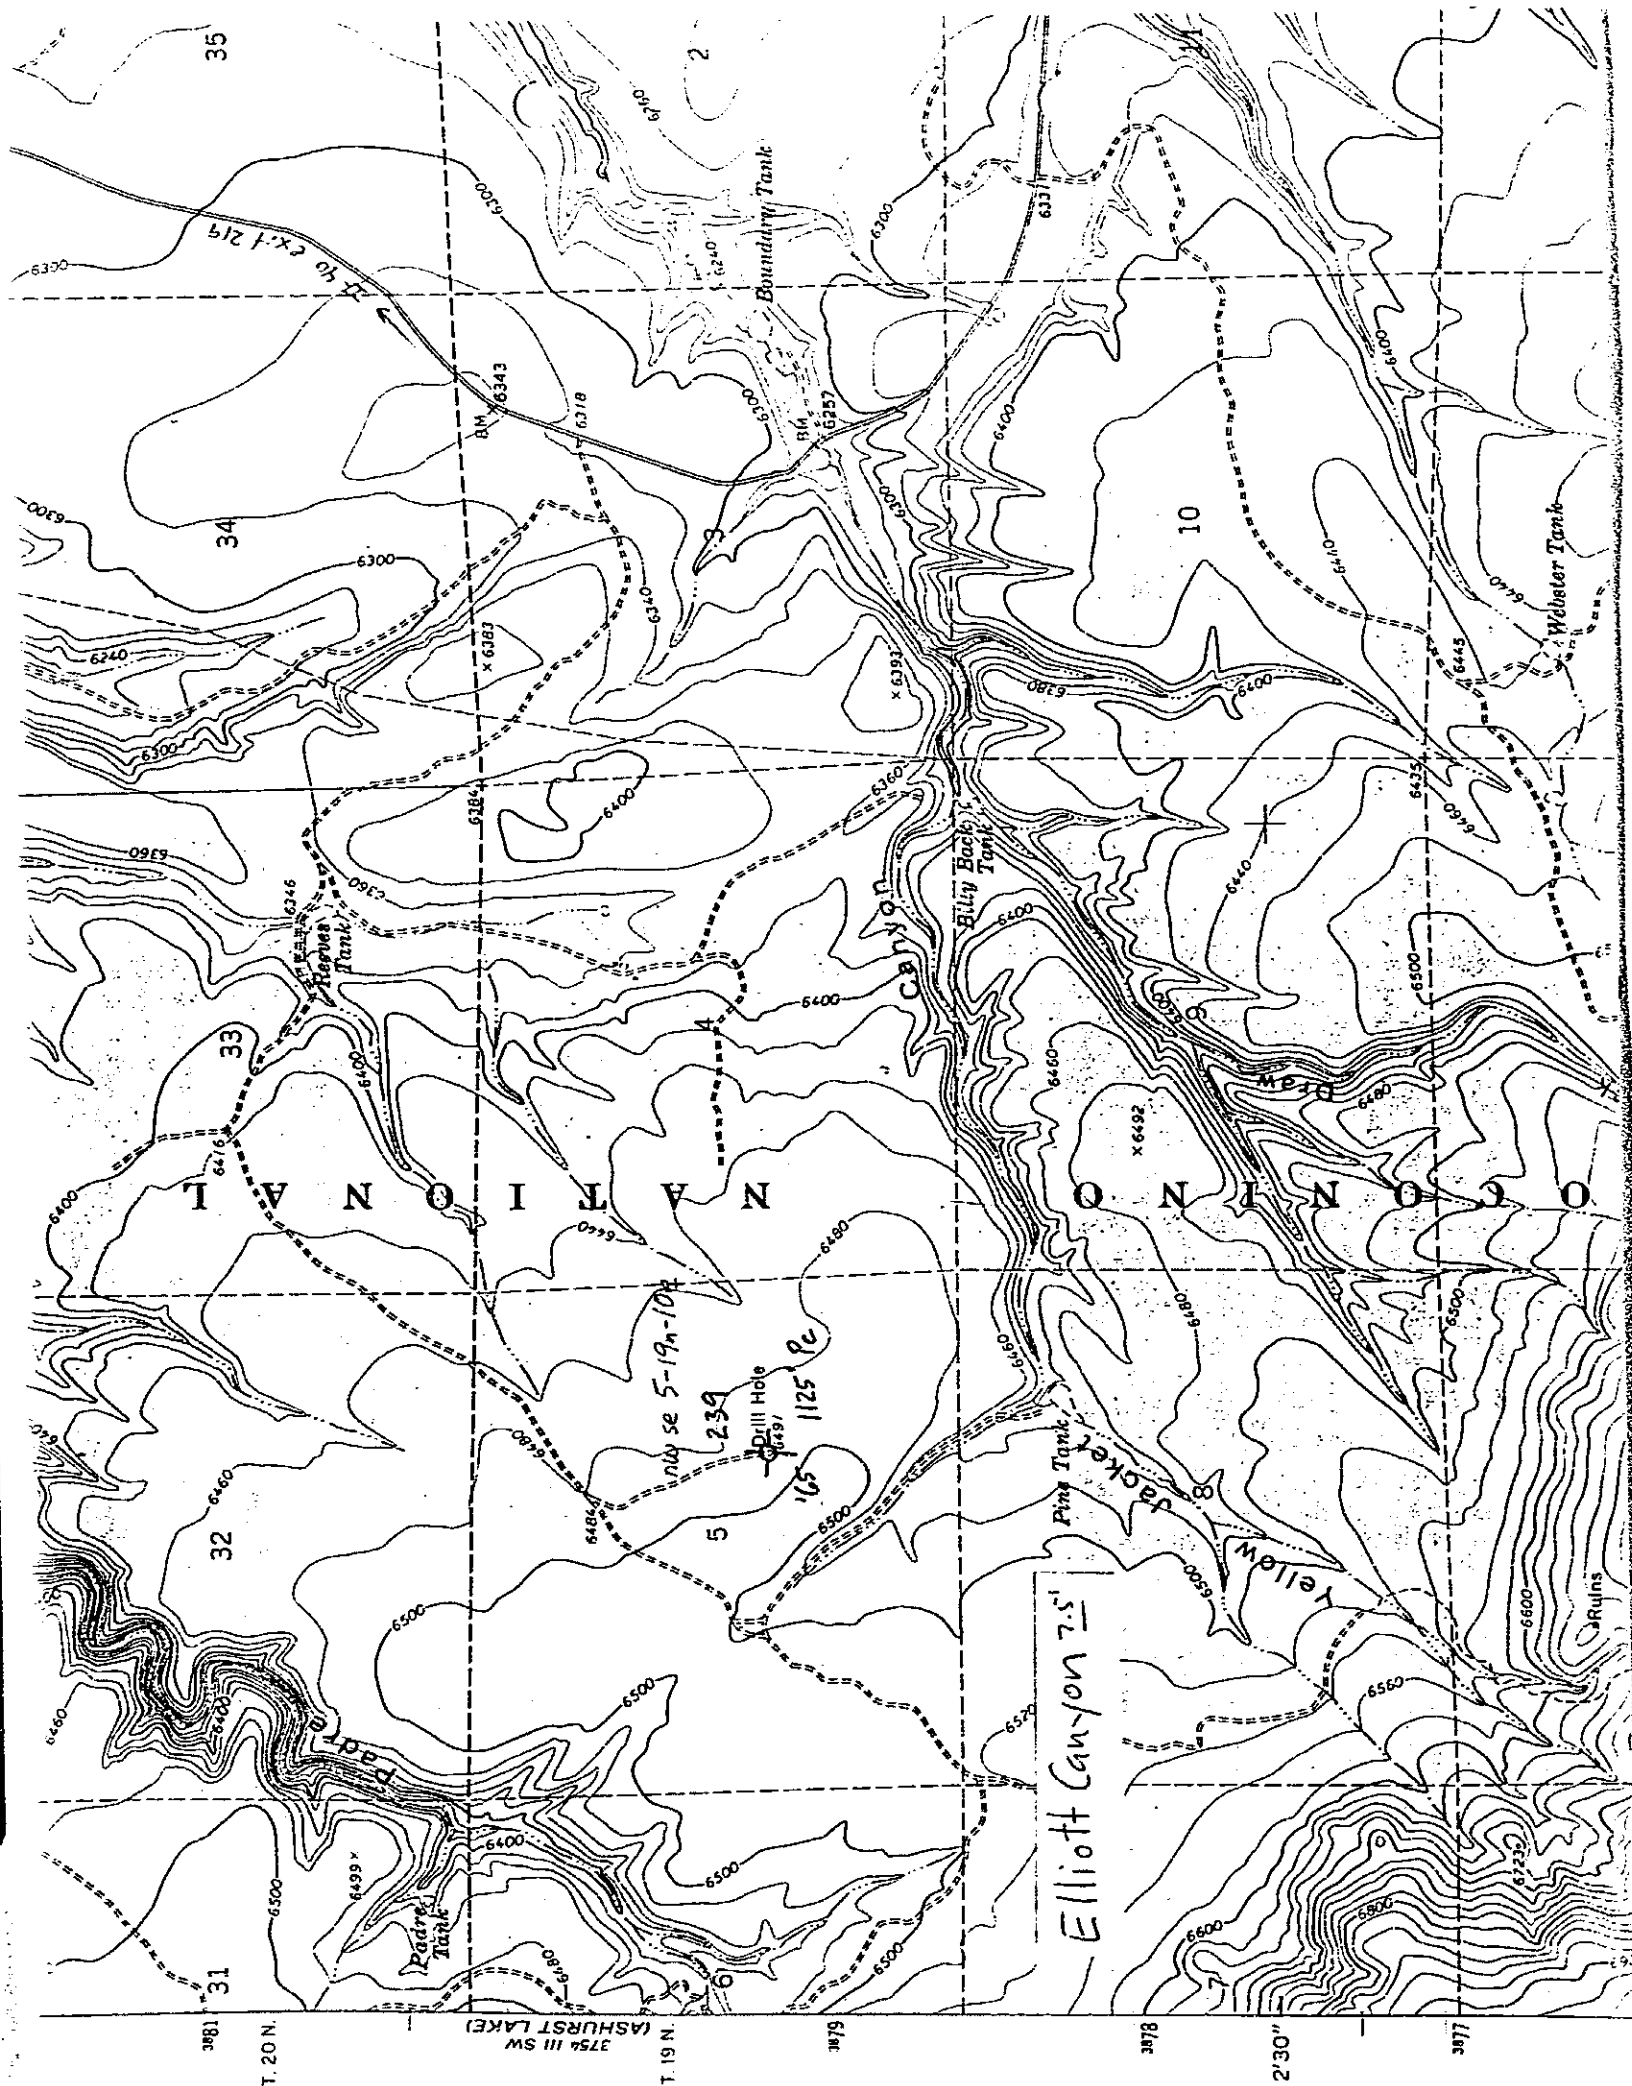

In event plat is filed for the purpose of designating the drilling and producing unit, or proration unit, on which the proposed well is to be drilled, the boundaries of such unit shall be shown, also the boundaries of all other such units attributed to other wells on the same lease completed in or drilling to the same reservoir. The acreage contained within each unit shall also be shown.

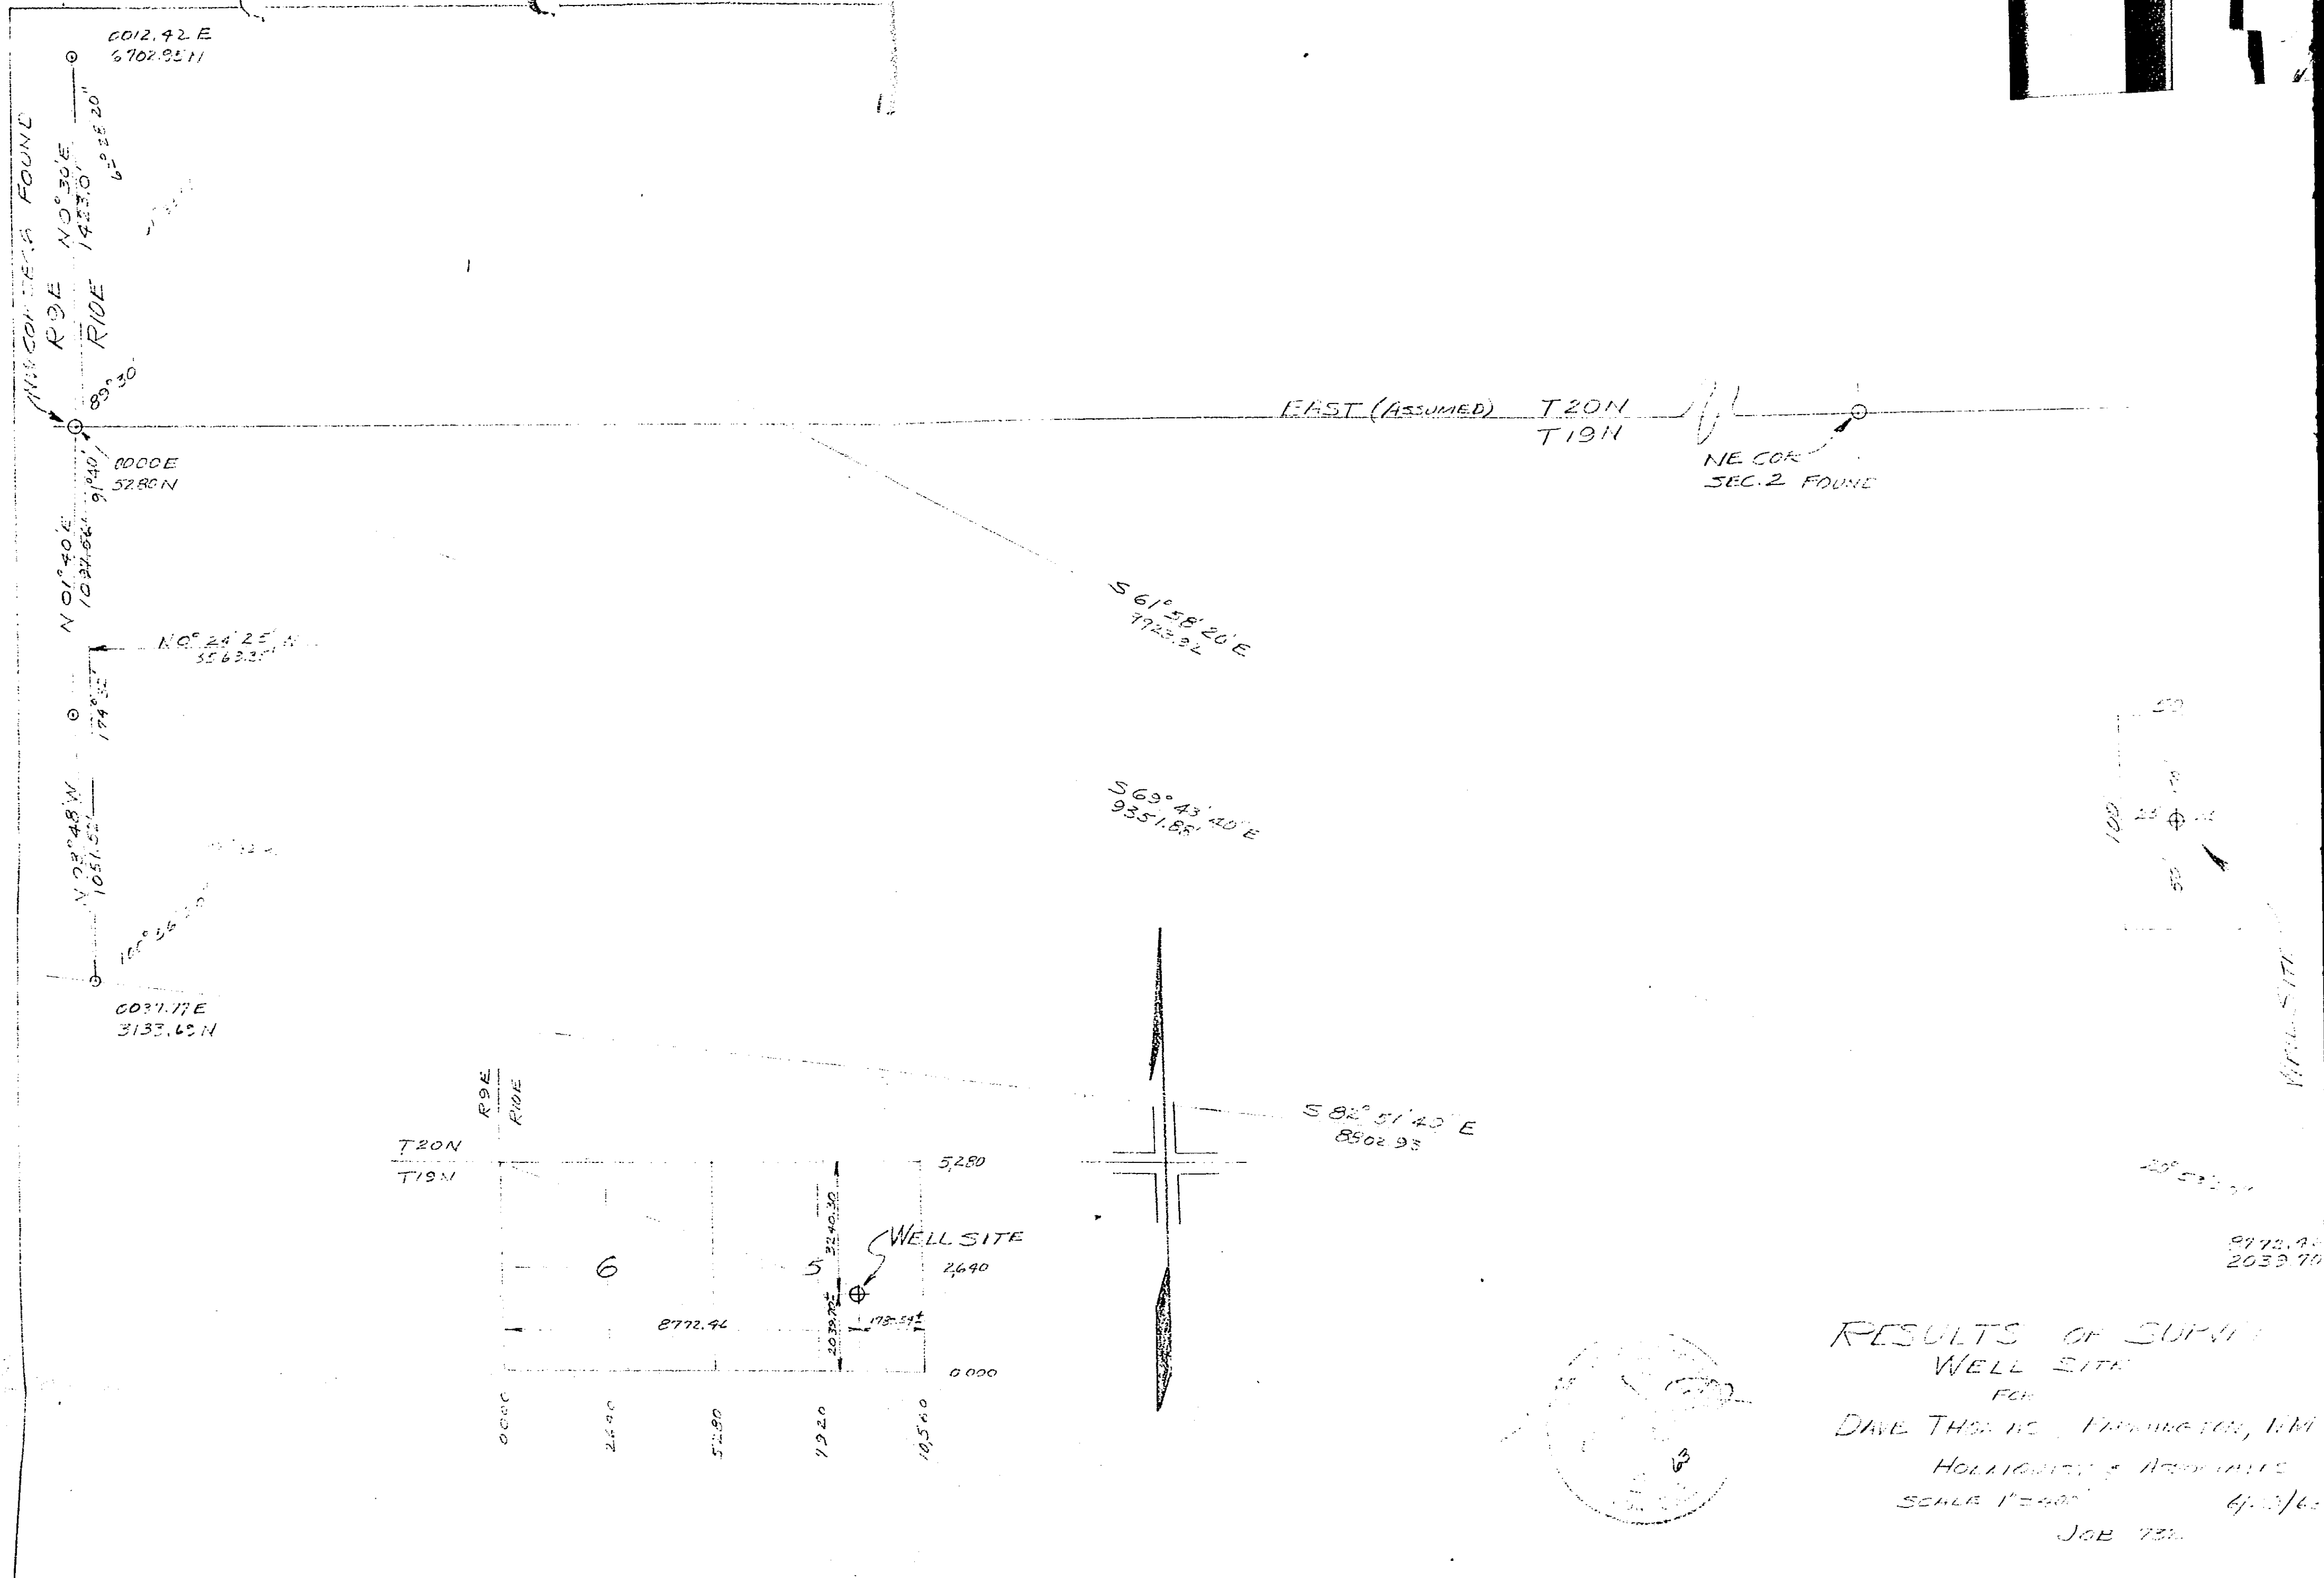

Do not confuse survey lines with lease lines. The sketch or plat should show your entire lease if possible. If it is not practical to show the entire lease and the plat shows only a section, block or lot out of your lease, you should clearly show that same is only a part of the lease.

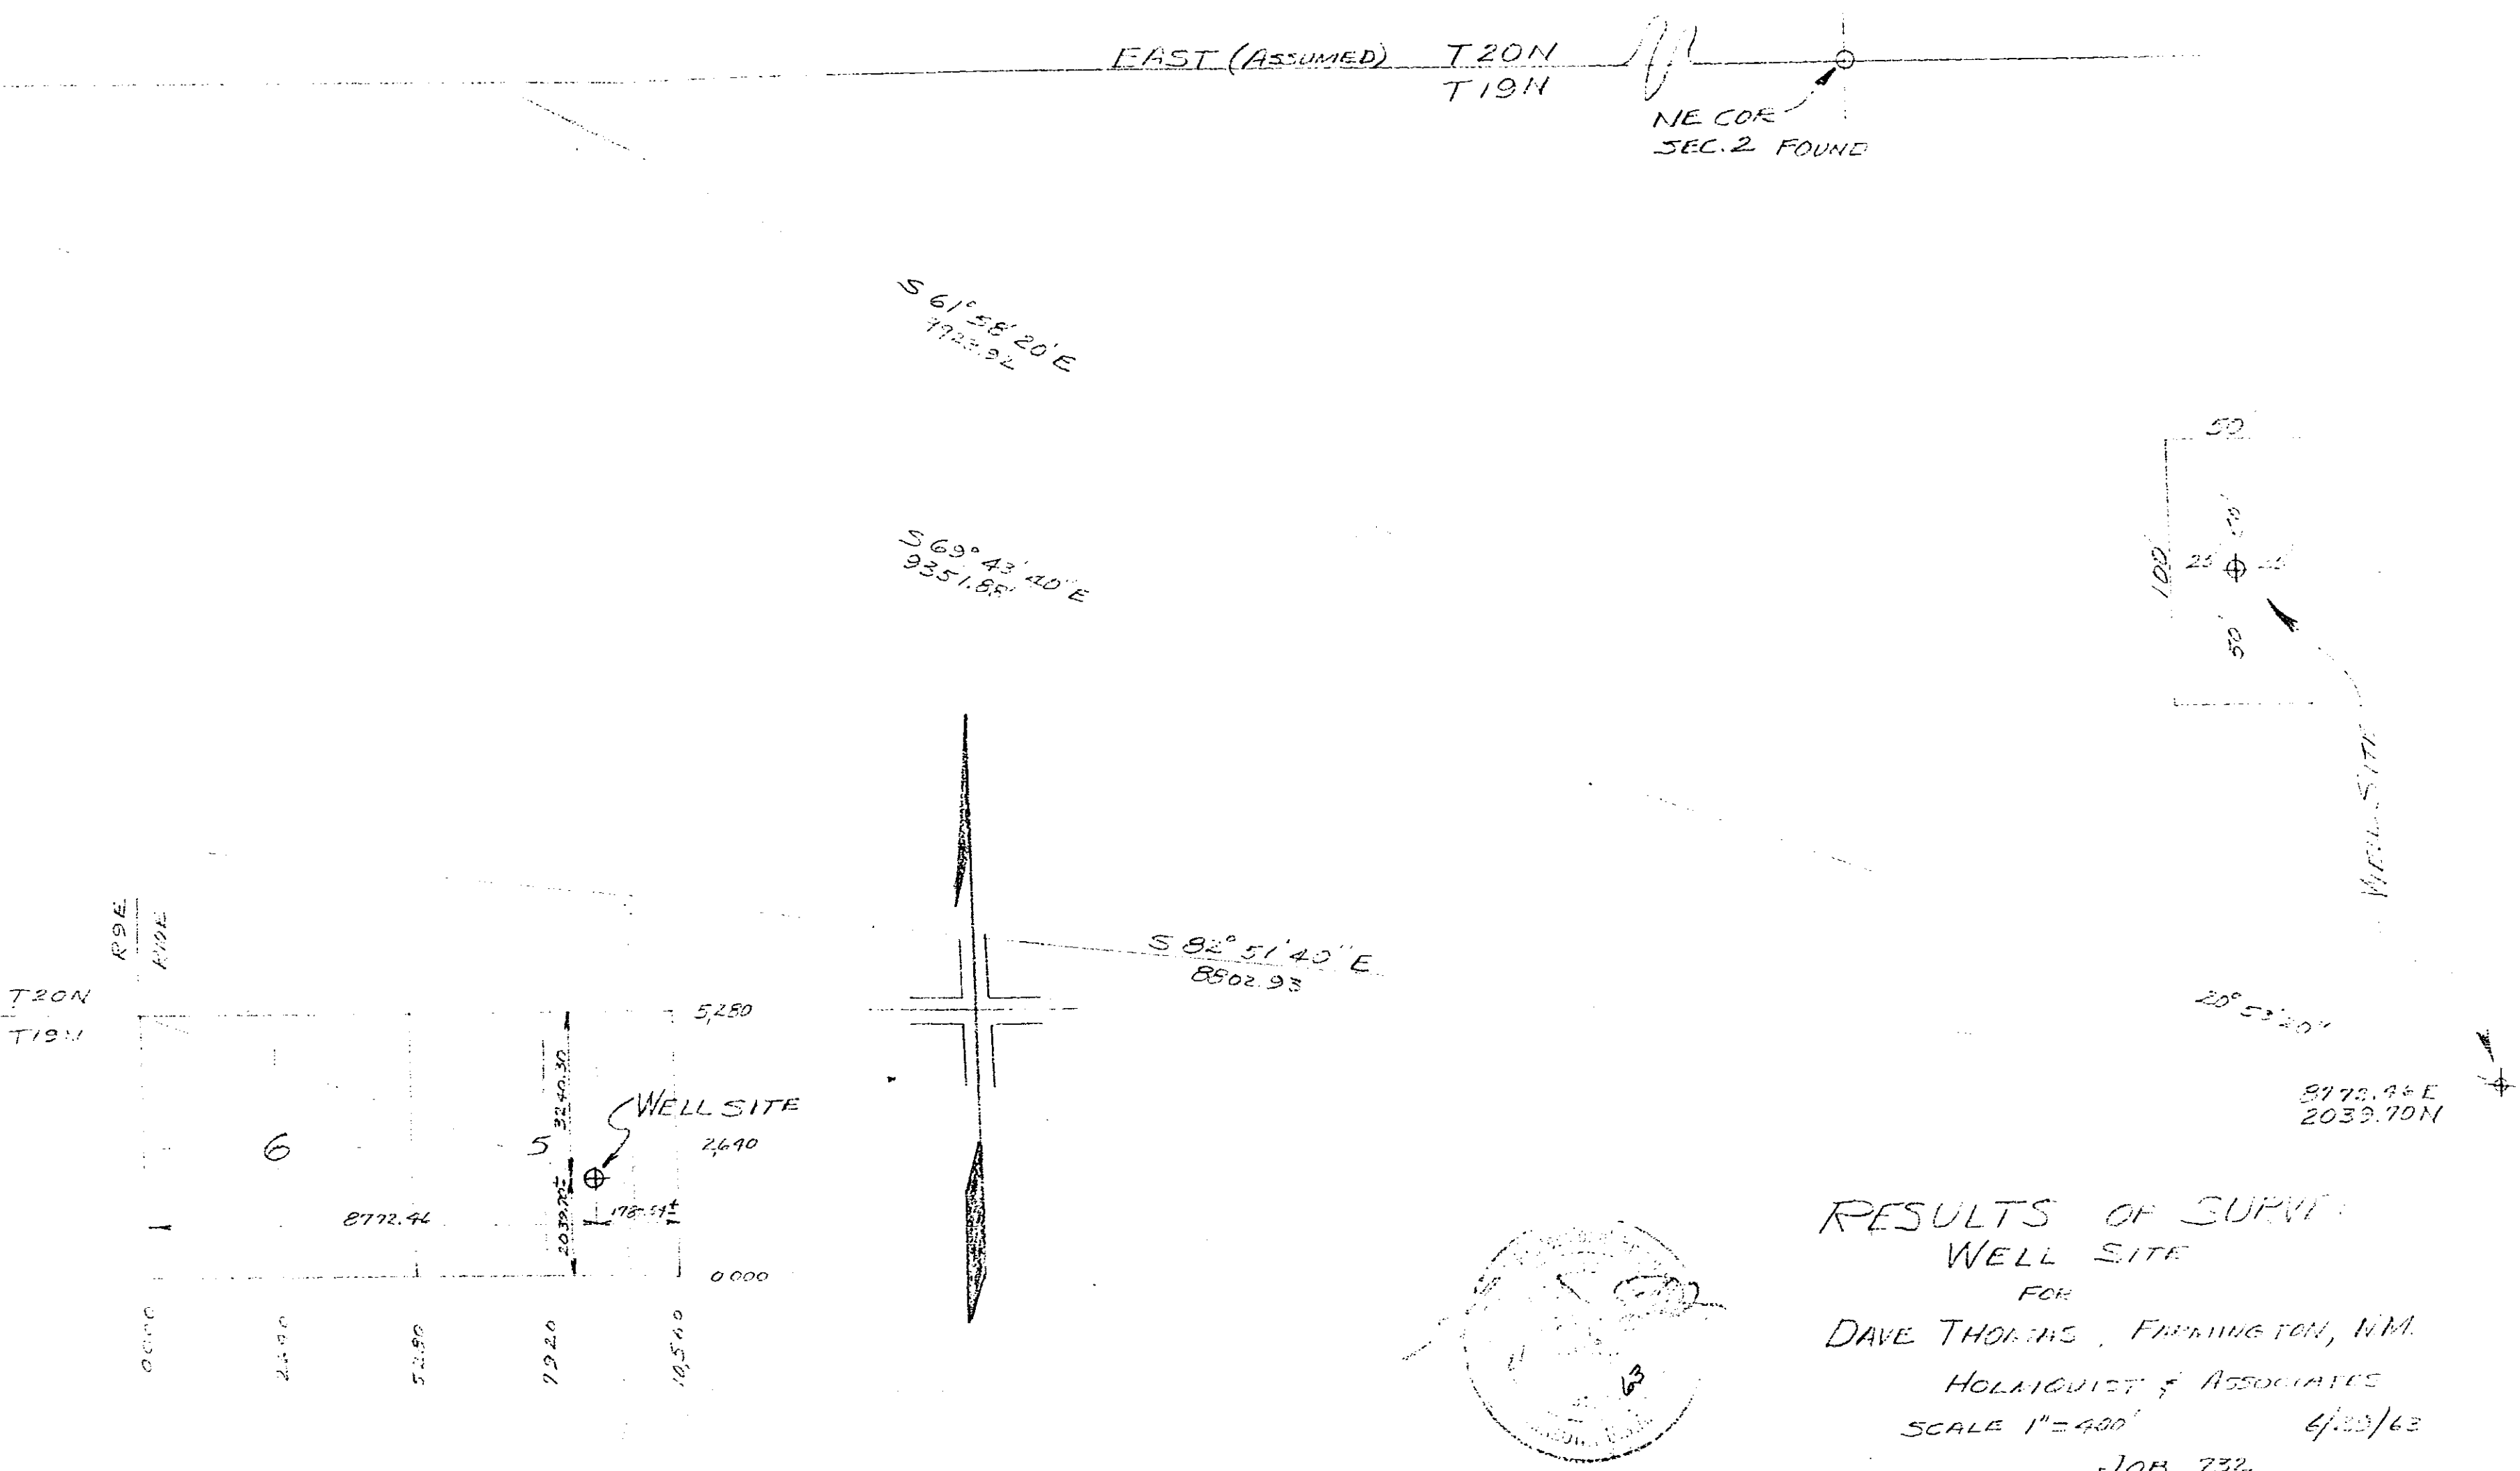

Designate scale to which plat or sketch is drawn. Also designate northerly direction on the sketch or plat.

Attention: Mr. J.T. Lantz, Bond Superintendent

Re: Shoshone Oil #1 Wildyard well  
NW/4SE/4 5-19N-10E, Coconino County, Arizona  
Our File 239  
Your Bond 33785

Gentlemen:

This office has received Well Completion Report and notice of intention to abandon the captioned well, as filed by Mr. Dave Thomas.

Mr. Thomas has indicated that the U.S. Forest Service, while not assuming responsibility of this well, has agreed that it be capped and that at some future date they may convert it into a water well. U.S. Geological Survey has agreed to this procedure.

Consequently this office will consider this file as closed.

This letter will constitute authority from this Commission to terminate captioned bond.

We appreciate your cooperation.

Very truly yours,

Coconino County, Arizona  
File No. 239.

Dear John:

Enclosed please find the necessary forms for permanent abandonment of the captioned well.

The Forest Service did not want to assume the responsibility of the well; however, they did agree to capping the well with the thought in mind that at a future date of converting the abandoned well to a water well. This was agreeable to P. T. McGrath of the United States Geological Survey.

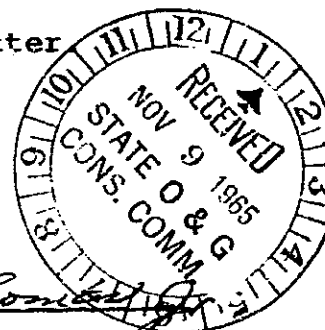

Upon Mr. McGrath's approval of the location cleanup of the captioned well, please forward the Fidelity Bond which you hold on this lease to Mr. John Dahle, 730 Equitable Bldg., Denver, Colorado.

Thank you for your continued cooperation in this matter

Yours very truly,

CTV OIL & GAS COMPANY

File 239

Dear Dave:

We appreciate your letter of October 21, 1965 concerning the captioned well.

The plans you have for the well will conform with our Rules and Regulations. However, in order to properly close our file and release the bond, a Well Completion Report and a letter from the Forest Service indicating that they have in fact accepted this well.

We of course will want to be advised when the leveling of the pits, etc., has been completed and must have copies of any logs run.

Thank you for your help in this matter.

Yours very truly,

John Bannister  
Executive Secretary

Re: Shoshone Oil #1 Hildyard Fee Well  
NW $\frac{1}{4}$ SE $\frac{1}{4}$  Sec. 5, 19N, 10E, Coconino  
County, Arizona.

Dear John:

This will advise you that Phil McGrath with the U.S.G.S., a Forest Service representative, and myself inspected the captioned location in the latter part of September. It was agreed at this time that the Shoshone Well would be abandoned in the following manner:

1. The well would be left for future use of the Forest Service.
2. The location would be leveled and the pits filled to conform to the U.S.G.S. and Forest Service standards.

Tom Burns of Flagstaff was contacted to perform these services and will advise us by letter when they have been completed.

I hope that this will conform with the standards of your office and we wish to thank you for your continued cooperation in this matter.

Yours very truly,

File 239

Dear Dave:

The Water Well Acceptance and Well Completion Report forms  
are enclosed.

In case the Forest Service does not want to take over the  
well, you might just send us a copy of the U.S.G.S. Sundry  
Report that you file with them upon plugging of the subject  
well. Also, see if you can obtain two copies of the logs  
for us.

As I say, any disposition of this well that is satisfactory  
to Phill McGrath will be ok by us.

Attention: J. R. Scurlock

Gentlemen:

A copy of your letter of July 15, 1965 to National Union  
was referred to me some time ago as attorney for Victor H.  
Hildyard, Assignee of Shoshone Oil Inc.

After some effort we contacted the driller whom we had  
mistakenly assumed had plugged the well and learned that he  
had merely capped it. We have finally completed arrangements  
for plugging of the well and wish to advise that the plugging  
will be completed and the record and report filed on or  
before October 15, 1965.

Very truly yours,

*John N. Dahle*

Your File No. 239  
Our Bond No. 53785

Dear Mr. Bannister:

Upon receipt of your letter of August 13, 1965, we immediately contacted the attorney for the Shoshone Oil people under the captioned bond. We were advised that the well had been capped and that a request had gone to the State of Arizona Conservation Commission for an examination and approval of said capping of said well. This is our latest information and occurred a few days prior to the receipt of your letter of August 13, 1965.

Please, therefore, advise this office if you have received a request for inspection and approval of the capping of the captioned well.

Thank you.

Very truly yours,

Our file 239

Your Bond 53785

Gentlemen:

Captioned bond was issued to cover the drilling operations  
for the described well.

Inasmuch as this well has not been completed in accordance  
with our Rules and Regulations, we order that this well be  
plugged as indicated below. At such time as this work has  
been done to the satisfaction of this Commission your bond  
may be terminated.

This well was commenced during the summer of 1963. The oper-  
ator failed to file the required information with this Com-  
mission but apparently reached a depth of approximately  
1,125 feet during August of 1963. By our letter to Shoshone  
Oil Co. Inc., dated July 31, 1964, with copy to you, we  
asked that we be informed as to their intentions concerning  
this well. We have had no reply.

This well must be properly plugged by simply filling it  
with cement and marking the surface with a four-inch pipe  
which must protrude a minimum of four feet above the ground  
surface and contain the following information welded to the  
pipe:

- (a) Well name
- (b) Quarter-quarter location
- (c) Permit No. 239

Upon completion of this plugging program, a Plugging Record  
and Well Completion Report must be filed with this Commission

Re: Shoshone Oil, Inc., Hildyard Fee No. 1  
NW/4 SE/4 Section 5 - T19N - R10E, Coconino County, Arizona  
Our File No. 239

Gentlemen:

By letter dated July 29, 1964, National Union Insurance Companies requested cancellation of their Bond No. 53785 covering the captioned well. They advised that the company is now solely owned by Dr. Victor H. Hildyard, and that they feel he might wish to secure another bond.

They were advised that inasmuch as their bond covers the company's operations to date, that it may not be cancelled at this time. To the best of our knowledge, this well has not been plugged and abandoned in accordance with our rules and regulations and at present the hole is capped by a gate valve.

Our Rule No. 202B provides that when drilling operations have been suspended for a period of sixty days, the well shall be plugged and abandoned unless written permission to keep the well in a temporarily abandoned state has been secured from the Commission. Consequently, we request that you advise us at your earliest convenience as to your intentions concerning this well.

If we may be of any help, please do not hesitate to ask.

Yours very truly,

John Bannister  
Executive Secretary

Shoshone Oil Co., Inc., Hildyard Fee No. 1  
NW/4 SE/4 Section 5 - T19N - R10E, Coconino County, Arizona

Gentlemen:

In reply to your letter of July 29, 1964, concerning the captioned bond, please be advised that this bond may not be released at this time.

As you are aware, the bond was taken out in the name of Shoshone Oil, Inc. to cover their operations and this well has been drilled and all instruments submitted in the name of Shoshone Oil, Inc. The fact that ownership of the company may have changed does not release the company's responsibility for compliance with our rules and regulations.

We are contacting Shoshone Oil, Inc. and advising them of this situation so that in the event Dr. Hildyard may wish to secure a new bond, this may be done; however until such time as another bond covers this well, the captioned bond must stay in full force and effect.

Yours very truly,

John Bannister  
Executive Secretary

Re: Cash Plugging Bond  
Shoshone Oil, Inc. Hillyard #1  
Sec. 5, T. 19N, R. 10E  
Coconino County, Arizona

Dear Mr. Petty:

We have received a carbon copy of your letter of September 19 addressed to Mr. Weinig, however the enclosures were not with the letter.

If you will please send the Claim form in duplicate for Mr. Weinig's signature we will be able to comply with your request.

Very truly yours,

*Janet M. Sage*  
(Mrs.) Janet M. Sage  
Secretary to Mr. Weinig

Re: Cash Plugging Bond  
Shoshone Oil, Inc. Hillyard #1  
Sec. 5, T. 12N, R. 10E  
Coconino County, Arizona

Dear Mr. Weinig:

Herewith attached find Claim form in duplicate which please sign and return both copies to this office in order for you to receive the \$2,500.00 cash bond secured by James Lawrence and Dave Thomas of your city as cash money held in lieu of Bond No. 53785 on above captioned well.

This Bond No. 53785 was received today at this office and will satisfy Commission's Regulations Paragraph C, 101, Page 8 which lists our drilling operations completion and plugging bond requirements.

Very truly yours,

John K. Petty  
Acting Executive Secretary

Re: Shoshone Oil, Inc.: Hildyard # 1  
Sec. 5, T 19 N, R 10 E  
Coconino County, Arizona

Dear John:

Pursuant to our recent conversation, I am forwarding this letter to explain the status of the captioned well.

The well at present has been temporarily abandoned due to financial difficulties experienced by the operator, Shoshone Oil, Inc. Shoshone's investors; however, are at present trying to gain control of the properties and complete the drilling of the test. This litigation may continue for 90 days, but these people advise me that they are most interested in drilling and properly testing the potential productive horizons to the pre-Cambrian.

Prior to moving off the Shoshone well Jim Lawrence and I installed a gate valve to properly "cap" the hole.

If the Commission feels that they could grant these people sufficient time, I am in hope that the well will be drilled to a depth to properly evaluate the properties on which it is located.

Thank you for your cooperation in this matter.

Yours very truly,

Dave M. Thomas, Jr.

Re: Cash Plugging Bond  
Shoshone Oil, Inc. Hilyard #1  
Sec. 5, T. 19N, R. 10E  
Coconino County, Arizona

Dear Mr. Ludewick:

We are writing this letter to you regarding the above captioned matter at the request of Mr. James H. Lawrence and Mr. Dave M. Thomas, Jr.

On July 10, 1963 we wired to the Valley National Bank, Home Office, 141 North Central Avenue, Phoenix, Arizona, \$2,500.00 which we requested be paid to you. It is our understanding that this \$2,500.00 was for the purpose of posting cash bond regarding the above captioned well. The check which Mr. Lawrence and Mr. Thomas gave us in payment of the wire transfer was drawn by them on this bank under the name of Lawrence and Thomas Drilling Account and was drawn against uncollected funds.

A check of Shoshone Oil, Inc. by Francis P. O'Neill, dated July 10, 1963 drawn on the Seventeenth Street National Bank, Denver, Colorado, was deposited to Lawrence and Thomas Drilling account on July 10, 1963 and was later returned for insufficient funds. To date it has not been paid. Mr. Lawrence and Mr. Thomas have agreed to reimburse The Citizens Bank for the overdraft in the amount of \$2,500.00 plus charges for the wire of funds to you through the Valley National Bank. It is therefore obvious that Mr. Lawrence and Mr. Thomas have personally secured the \$2,500.00 bond posted with the State of Arizona wired through this bank and they request upon fulfilling the State requirements of properly plugging and abandoning

Mr. N. A. Ludewick

the Shoshone well, or upon presentation of a security bond by Shoshone Oil, Inc. that the \$2,500.00 cash bond held by you be returned to The Citizens Bank, Farmington, New Mexico.

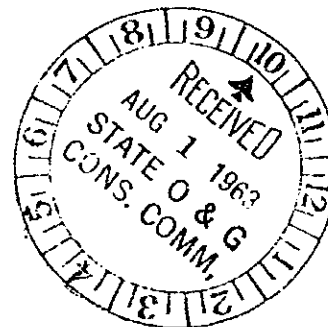

It is our understanding that Mr. Lawrence and Mr. Thomas will further confirm these instructions.

We shall appreciate your cooperation in this matter which will be of assistance to Mr. Lawrence and Mr. Thomas.

Very truly yours,

*AJ Weinig*

Re: Shoshone Oil, Inc. #1 Hildyard Sec. 5, T19N,  
R10E, Coconino County, Arizona

Dear Mr. Linden:

We are in receipt of your wire dated 12:08 P.M., MST,  
July 22, stating that National Union Fire Insurance  
Company of Pittsburgh, Pennsylvania is covering the  
drilling bond on the captioned well.

Enclosed herewith are the necessary forms for your  
execution and transmittal to this commission to  
cover the \$2,500 bond necessary for the drilling of  
the captioned well.

Your acceptance of this bond application will allow  
us to, in the normal course of business, refund Sho-  
shone Oil Inc. its \$2,500 deposit made previously.

Yours very truly,

N. A. Ludewick  
Executive Secretary

Re: Shoshone Oil, Inc. - Hildyard Fee #1  
Sec. 3, T19N, R10E, Coconino County, Arizona

Dear Mr. Walden:

Enclosed is an application for permit to drill the  
captioned test for your signature and approval.

Everything is in order and in lieu of a bond, we  
have their \$2,500 check which will be deposited in  
the proper account with the State Treasurer until  
the well is completed as a producer or plugged and  
abandoned.

Yours very truly,

N. A. Ludewick  
Executive Secretary
